	Interactive Brokers ⁵	May be assessed ⁵

Effective Date: September 19, 2022

Notes:

- The advisory fee is a tiered fee and is calculated assessing the percentage rate and applying the fee rate to the daily average account value over the last quarter. Accounts initiated or terminated during a calendar quarter will be charged a prorated fee based on the amount of time in the billing calendar period. An account may be terminated with written notice at least 30 calendar days in advance. Since fees are paid in arrears, no refund will be needed upon the termination of the account. See examples for full quarter calculation.
 - Account Market Value: \$10,500 Daily Average Account Value: \$10,400
i. Calculation: (0.85% / 4) * \$10,400 = \$22.10
 - Account Market Value: \$2,800,000 Daily Average Account Value: \$2,750,000
i. Calculation: (0.75% / 4) * \$2,750,000 = \$5,156.25
- The advisory fee is a tiered fee and is calculated assessing the percentage rate and applying the fee rate to the **account value as of the last day of the previous quarter**. Accounts initiated or terminated during a calendar quarter will be charged a prorated fee based on the amount of time in the billing calendar period. Since fees are paid in arrears, no refund will be needed upon the termination of the account.
- To accommodate start-up employee benefit plans, we will charge a minimum flat fee of \$750 per quarter (\$3,000 annual), paid directly by the plan sponsor, until assets reach a total balance of \$500,000, which, at that point, the fees revert to the above schedule.
- We will not bill an amount above \$500 more than 6 months in advance.
- We recommend TD Ameritrade as the custodian for client use. Should we have clients that are **not accommodated** at TD Ameritrade (exclusively clients with non-US citizenships from certain countries), we will recommend Interactive Brokers as custodian. Interactive Brokers charges certain fees to these client accounts because of their IBKR Pro platform. **These fees go directly to Interactive Brokers and not to Wolfpack Investment Management.**
